

Additional Works Cited Entries

7. EBSCOhost Points of View Reference Center

Walter, Andrew. "Capitalism vs. Socialism: An Overview." *Points of View: Capitalism vs. Socialism*. 2011. Points of View Reference Center. Web. 11 October 2011.

Note: format is as follows:

Author. "Title of Article." *Title of Journal*. Date of publication. *Title of Database*. Medium of publication - in this case, Web. Date of access.

To Indent works cited entries

1. Type out complete entry (don't worry about tabs yet!!)
2. Move cursor to beginning of entry (i.e. author's last name) and press ctrl+t

7A. Sample in-text citation:

Direct Quote:

Even in reference articles, the basic facts of socialism are misrepresented. For instance, Walter Andrew, in an "Overview" on socialism, reports that "Individuals do not own businesses, nor does individual ingenuity increase profit; consequently, there is little competition in socialist countries." Tell that to the owners of Nokeia phones.

Note: since essay is taken from online source, no page number is cited in the in-text citation.

8. Blog Entry

Bartlett, Bruce. "A Close Look at the Perry Tax Plan." *Economix*. *New York Times*, 1 November 2011. Web. 3 November 2011. <<http://economix.blogs.nytimes.com/2011/11/01/a-close-look-at-the-perry-tax-plan/>>.

Note: format is as follows:

Author. "Title of Article." *Title of Blog*. *Title of Blog Host*, Date of publication. Medium of publication - in this case, Web. Date of access. <URL address>.

To Indent works cited entries

1. Type out complete entry (don't worry about tabs yet!!)
2. Move cursor to beginning of entry (i.e. author's last name) and press ctrl+t

8A. Sample in-text citation:

Direct Quote:

Bartlett makes clear who suffers in typical flat tax plan: "His plan allows Mr. Perry to skirt every difficult issue about the impact of tax reform, like the huge increase in taxes that would be paid by the poor because they would lose all refundable tax credits, including the earned income tax credit."

9. Newspaper or Magazine Web Site

Hoffman, David E. "Supercomputers Offer Tools for Nuclear Testing – and Solving Nuclear Mysteries." *The Washington Post*. The Washington Post, 1 November 2011. Web. 3 November 2011.

Note: format is as follows:
