E-Learning Professional Development Workshop Series

Spring 2020

Join the e-Learning Academics team for its spring 2020 professional development webinars!

Online Student Retention
January 29, 2020

The webinar will review some of the tools the department already has in place to help us guide our students along the path to completion and success! We will discuss the many ways to leverage best practices and provide tools to get the best results for students. Many students struggle with one or more challenges in their coursework that may impact their performance. We will provide strategies to help them stay on track in their course. The presentation will also provide a preview of Dropout Detective tools and resources.

Time: 8:00pm—9:30pm EST

Meeting Number: 795 384 320

Password: 4wvnK64p

Adjunct Promotion Criteria
February 12, 2020

The e-Learning Department recognizes the important contributions of our adjuncts. When adjunct faculty members have a sustained record of involvement and support within the department, they may be considered for a recommendation from for a promotion. The webinar will provide brief overview of the guidelines for adjunct promotion.
